## LE PETIT MOLIERÈ

### ▪ A SUPPORTIVE TEACHING STAFF ▪

- A **reassuring environment**: teachers are recruited for their **kind** and **caring** approach to education. Available throughout the year, they are happy to meet with parents on request.
- An **international DNA**: 30% of the staff members are English-speaking.

### ▪ PARENT-STAFF MEETINGS ▪

To keep the family informed, 2 individual meetings are organized during the year.

### ▪ THE PETIT MOLIERÈ METHOD ▪

From the Toute Petite Section (TPS) to the Grande Section (G.S), teaching time is maximised in English to enable pupils to become **fully bilingual**.

In French, children are prepared for a smooth transition to Primary School: fine motor skills, advanced vocabulary, codes for becoming a pupil, etc.

A dedicated teaching team guides pupils, instilling in them a **love of learning** and the curiosity essential for success.

Thanks to our dynamic approach, teaching fully complies with the National Education curriculum and often goes beyond it.

- **Small Size Classes**: Our educational approach is distinguished by classes with reduced numbers of students. In groups of about 15 students, children develop in a **secure and welcoming environment**.
- **Everyday Practice in English** with Native English Speakers and English workbooks.
- **Specialized care for non-francophone children** is offered: English classes are based on proficiency levels and French classes (Français Langue Etrangère, or F.L.E.) are held with a specialist.
- Thanks to small class sizes, many different activities are possible: singing, art workshops, physical education, museum visits, etc.
- **The Molière Spirit**: Like in British schools, each student wears a coat-uniform provided by the school. This allows the child to integrate more easily with the class.
- **Introductory Chinese classes** every week in Kindergarten, from the Moyenne Section onwards (optional).

### ▪ LA MATERNELLE – KINDERGARTEN ▪

- Daily practice of English with native English-speaking teachers and activity books in English from the Petite Section onwards.
- Introduction to reading and writing from kindergarten onwards using the **syllabic method**, which guarantees excellent spelling and a successful transition to Primary School.
- Our goal: to promote children's development and inspire a positive outlook on learning.
- Thanks to small class sizes, there are many activities on offer (singing, art workshops, physical education, cultural development, etc.).

### ▪ LE PRIMAIRE – PRIMARY SCHOOL ▪

- **French classes** respect the official standards of the *Education Nationale* and often go beyond these standards in order for the students to master all subjects.
- English language teaching plays a key role in the curriculum. Pupils prepare for Cambridge

exams.  :

Young Learners Exams (Y.L.E) and Key English Test (K.E.T).

- Reading is taught using the **Syllabic Method**, guaranteeing excellent spelling and comprehension skills.
- Cultural and educational outings are organized: museums (Louvre, Centre Pompidou, ...), theater, visits to monuments, etc.
